

WHO WE ARE

A leading provider of security systems to the aviation industry, we at ICTS Europe Systems never stop looking for the next leap ahead in technology, infrastructure, integration, and customer services. With our team of experts in Aviation Security Systems, it is our mission to deliver better solutions with greater benefits for our clients. Our company is part of the ICTS Europe Group, Europe's largest provider of Aviation Security Services, with a workforce of 12,000, and as such ICTS Europe Systems is well acquainted with the aviation market.

ICTS Europe Systems, based in London, provides solutions to the Airport and the Airline sectors, serving over 40 airlines with our technologies and providing both "off-the-shelf" products and tailor-made solutions.

We have the ability to respond immediately to new regulations, and face with confidence the current and future challenges within the aviation sector. Combining advanced technological resources with expert and experienced people, ICTS Europe Systems has first-hand understanding of the specialised needs of the market, enabling us to create security solutions that work as well in practice as on paper.
