

ICTS' TDOC Library is a mobile solution displaying Country Visa (and non-visa) travel rules on a mobile device such as a tablet or laptop computer or a mobile phone. It can be used at an airline's busy hub, at selected airports or with a client at a travel agency.

TDOC Library is ideal for any situation where a quick, precise response to a travel regulation query is required, whether for a single leg or for multi-leg routes with complicated itineraries. Each enquiry can be fine-tuned with the passenger's nationality, gender, age and more, so as to display only the relevant data in a clear and concise manner.

ICTS Europe Systems, part of the ICTS Europe Group, is a global leader in passenger screening and facilitation, providing innovative solutions to hundreds of airlines and airports across 5 continents, and processing over 100 million passenger transactions every year.

## FUNCTIONALITY

- Displays all country-relevant travel rules
- Clear, easy-to-understand indications, along with brief, concise instructions as to the documents needed (passport, visa, resident card, etc.)
- Filter operating by rules categories, for example age, transit, origin and foreign residency status
- Real-time online results from all countries worldwide
- Ongoing contact with immigration and border control agencies of all countries worldwide
- Operator friendly.
- Lightweight.
- No set up required.
- Runs as a Web application, iPad app or an app for Android-based tablet devices

## **BENEFITS**

- Deployable at any airport, in any country, with no advance preparation
- For use at busy airports, airline hubs or airports that are considered problematic, for whatever reason
- Quick deployment with staff on ad-hoc flights to airports not normally serviced, reducing down-route costs.
- Helps avoid immigration fines and penalties
- Spares passengers a humiliating deportation process as a result of travel document-related errors
- Can be used at travel agencies to reduce passenger inconvenience at airport
- Quick reference without the need to scroll through hundreds of pages of text
- Facilitates smoother travel and reduce passenger processing time
- Mobile device allowing staff to move quickly between locations
- Reduce documentation related operational and administrative overheads.

## **OUR RELATIONSHIP WITH EMBASSIES**

For over two decades ICTS Europe has been a leader in the screening and processing of air passengers. Since 2001 ICTS Europe Systems has been maintaining a Travel Rules Library for their operations. In 2008 ICTS Europe Systems began in-house development of a Travel Document Travel Library for commercial use by airlines, airports, etc.; this development was successfully completed in 2010.

ICTS enjoys good, longstanding relations with many embassies around the world.

## **ADDITIONAL AVAILABLE SERVICES**

- **SUPPORT**  
As part of the TDOC Library, ICTS Europe Systems offers a 24 hours help desk support.
- **CONTACT DETAILS**
